PROJECTS

Hostel Complaint Register | *ReactJS, Node.js, Express, MongoDB*

- Responsive platform for hostel students to log complaints, track resolutions, and view history.
- Role-based dashboards with Cloudinary integration for attaching images to complaints.

Wanderlust – Travel Stay Booking Platform | *MERN Stack, Passport.js*

- Inspired by Airbnb — Built using MERN Stack with Passport.js for user authentication.
- Core features: user auth, property listing, custom booking flow with cookie/session handling.

Voting Website for Elections | *MERN Stack*

- Secure digital voting platform with dashboards for voters and election heads.
- Full CRUD operations to manage candidates, cast votes, and track real-time results.
